

I am excited to announce that we will be having a Resolution presented on the Indiana House of Representatives floor on February 25th. Representative Chuck Goodrich is the Resolution author.

This is a Resolution dedicating June 12th, 2020, as Women Veteran Day here in Indiana. This idea was brought to me from a woman veteran to help recognize the Service of women as we are sometimes invisible. Until we get the service of women highlighted, represented in fiction, nonfiction and art, we will continue to struggle to overcome the inherent bias that makes the public always invisision and associate the image of men only with the word veteran.

We have the opportunity to have 25 women Veterans on the House floor that day. Please pass this information to your contacts and let women veterans know of these efforts and that if they would like to attend on the 25th to email me. If we have more than 25, we can have the overflow seated and recognized in the balcony.

Thank you, Lisa Wilken
